WHITE WAY PLANS FOR KING STREET

Chamber of Commerce Committee Will Discuss Matter Tomorrow

SIX LIGHTS TO SQUARE

Plan Provides For Removal of all Wooden Poles—Will Be Presented to Council For Action.

The committee of the Chamber of Commerce in charge of the plans for what is known as "The White Way" which is proposed to have on King street will hold a meeting at 3 o'clock tomorrow afternoon in the rooms of the Chamber of Commerce.

At this meeting final plans will be mapped out for the submission of the proposition to council.

Promoters of the movement desire to have all of the wooden poles removed from the area on King street set apart for the "White Way" and the present electric lights on the designated area will be taken down and attractive lights on ornamental brackets will take their place. It is proposed to have six lights to each city block.

Cost incident to the lights is to be borne by the merchants on King street, the public utilities and the city of Alexandria.

A majority of the members of city council it is stated heartily favor the proposition and it is believed that the measure when presented to city council will be adopted without any parleying.

The question of the establishment of a "White Way" on King street, the main business thoroughfare of the city, has been under consideration for some time past.

CHARMING HOUSE PARTY AT "ROSEMONT" BY MRS. SMITH

Mrs. William Morgan Smith entertained a charming house party at "Rosemont" last week. A number of her young friends from Alexandria, Washington and other places were the guests.

Saturday a number of young people were invited to meet Mrs. Smith's guests and for a dance. The dance was held on the wide veranda in the moonlight, and made a beautiful picture. Punch was served under one of the big oaks in the lawn. Supper was also served on the beautiful lawn. There were thirty couples dancing.

Mrs. Smith's guests at the house party from Alexandria were:

Misses Sara Bowie Cox, Carol Leadbeater, Nina Carlin Fulton, Lucy Anderson, Collins Mackay Jones, May Monroe.

Mrs. Smith is wife of Dr. William Morgan Smith of Alexandria.

Dr. Smith will leave this week to join Mrs. Smith at "Rosemont" for a few weeks.

FORTY-FIVE WAR BRIDES

Matsonia Also Carries One Mother-in-Law Attained by American in France

Newport News, Va., July 17.—The transport Matsonia arrived yesterday morning from France with 3,214 heroes of the American expeditionary forces, forty-five war brides, two war children and one war mother in law. This ship left Brest July 6.

NOTICE

In connection with the completion of the Filtration Plant of this Company, and the extension of the 20 inch effluent main from the Filters into the Reservoirs, it is necessary to draw down the water level in the Reservoirs about six feet which will reduce the pressure over the city about 2.5 lbs. This work is in progress this week. Until it is completed and the high water again restored in the reservoirs, consumers on the higher levels of the system may experience some temporary inconvenience, which we regret, but which is unavoidable. We will restore original conditions at the earnest possible moment.

STORM VISITS DANVILLE

Lightning Strikes First Baptist Church and Residential Section is Rendered Dark

Danville, Va., July 17.—Danville was Tuesday night visited by a storm of tropical violence. the worst experienced here for many years, much monetary loss resulting. Watchers of three heavy banks of clouds say that they converged on Danville at 7:30 o'clock and a tempest of unusual severity broke a few minutes thereafter.

One of the first bolts of lightning struck the First Baptist Church, shattering the terra cotta coping over the porch. Trees in the memorial grounds and on the lawn of Bellevue School were struck and stripped of bark, one of the oaks being set on fire. North Danville and the residential section were in complete darkness during the early part of the night when cables were struck and short circuited, others being broken by branches of trees carried away in the first rush of wind.

Reports from the country indicate that the storm was severe in rural parts. At Mount Cross W. R. Coleman suffered heavy damage. The chimney of his house was blown down, a tobacco barn laid on its side, a basement roof and stable roof carried away, wheat stacks caught up and scattered far and wide, while hail battered 50,000 tobacco plantsto pieces. The storm passed almost as suddenly as it broke.

WILL PRESENT ROBIN HOOD

Chautauqua Company Has Cast of 35. Able Address Last Night by Mr. Wile.

The first half of the evening at Chautauqua last night was contributed to by the 1919 Revue company consisting of 6 young ladies who proved themselves artists of exceptional ability in the playing of the piano, violin and 'cello and in song and dancing. Their costume effects with the striking changes made so quickly as to be highly effective in bringing out different features of the setting were indeed up to the standard of high grade productions usually offered in much larger circuits. This company was followed by the European Statesman, Frederick Wile who brought a message of information vital to all patriotic Americans, all told in his inimitable way yet eloquent withal. At the latter part of his address he laid the meeting open for the purpose of answering any questions relative to the European situation and many of the audience took advantage of the opportunity to ask questions and the good Mr. Wile gave prompt and satisfactory answers to them all. Tonight will be given the opera "Robine Hood" with a cast and chorus of thirty-five people and the matinee and night performances tomorrow will finish out a season of wonderful entertainment and instruction as an outcome of the event of Chautauqua in Alexandria.

30 STORIES HIGH

New York, July 17.—The highest church in the world, and probably one of the most expensive, will be built in this city by the Fifth Church of Christ, Scientist.

The site is on Madison avenue, extending from Firty-third to Forty-fourth streets. The site cost $3,500,000 and the building will cost about $4,000,000

The auditorium will be 100 feet square and will be capable of seating 1,800 persons. The building will be equipped wit hexpress and local elevators and will be thirty stories high.

SANITARY FISH MARKET will have on sale tomorrow and Saturday; Norfolk spots, large Jersey butterfish, salt water croakers, crab meat, clams, also select water melons on ice. J. H. Robinson, Proprietor. City Market, Stall No. 2. Phone 735. Open till 5 p. m. 169-1p.

TO THE PUBLIC

The Health Department wishes to announce that all persons desiring to be inoculated against typhoid fever will receive this treatment free of charge at the Health Office, City Hall, on Mondays, Wednesdays, and Fridays, from 1 to 5 p. m.

The Department urges that all persons who have not received such inoculation, take advantage of this opportunity.

REMOVES CELL DOOR AND ESCAPES

Prisoner Weary of Clos Confinement Plays Houdini On Police

HELD FOR TRESPASS

Takes Out Pins Holding Cell Door and Places Door Beside Cell and Dashes to Freedom.

The Alexandria police several days ago thought that they had Houdini in custody.

It happened in this way. A colored man was arrested in the yards of the Southern Railway Company on a charge of trespassing several nights ago.

His case was to have been investigated the next day. Nothing more was thought about the prisoner.

An hour afterward however, the officer on duty thought he heard someone slip out. Sure enough upon investigating he saw the fleeting form of a man and gave chase. The fugitive, however, ran like a deer and soon outdistanced his pursuer.

When the policeman returned to headquarters the delivery was discovered.

The big iron door of the cell had been removed by the prisoner. The prisoner accomplished this feat by placing his arms through the narrow iron grating. This done he deftly removed the pins holding the door which acted as a hinge.

Then he walked out and placed the door beside the cell, and again walked to fredom.

Since then no trace of the prisoner has been found.

This is the first time in the history of the Alexandria police that such a means has been used by a prisoner to make his escape. That the prisoner was a veteran at the business was the opinion expressed by veteran members of the force.

DEATH OF A FORMER RESIDENT

Benjamin Franklin Peake, late of this city, and Washington, D. C., died Tuesday in Baltimore. He was in his seventy-ninth year.

For years past he had resided with his daughter, Mrs. James C. Phillips, of 2506 N. Calvert street, Baltimore, Md., and his body was brought to The Plains, Va., yesterday, and buried in the family lot at Rockdale Farm, the place of his birth.

Mr. Peake was a Confederate veteran, having enlisted in J. E. B. Stuart Cavalry at the outbreak of the civil war and was in many engagements, beginning at Bull Run.

He is survived by a daughter, Mrs. James C. Phillips, two grandchildren, Misses Mary P. and Anne C. Phillips, three brothers, John W. and J. Milton Peake, of Washington, D. C., Warren M. Peake, of Alexandria, and three sisters, Miss Rebeca Peake, and Mrs. W. H. Yeatman, of Alexandria, and Miss Eliza Peake, of The Plains, Va.

WOMEN OGLE HIM, SAYS AGED PASTOR

St. Louis, July 17.—"Morality is pellmell on the downward trend," Dr. Howard Billman, associate secretary of the Church Federation of St. Louis declares.

"Even an old gray-haired man like myself is ogled by women," he said. The condition is not confined to one class or one age. Old and young, rich and poor, are doing the same things.

"Sometimes I think the present fashions are at the bottom of it all."

BRITISH TO SALVE GERMAN WARSHIPS

London, July 17.—The British admiralty has placed contracts for salvage of the German warships sunk by their crews in Scapa Flow, it was learned today. It was said that "satisfactory results" were expected.

ROGERS-WALKER NUPTIALS

A pretty wedding was solemnized at the residence of Mr. William Rogers yesterday afternoon when Miss Marie Rogers and Mr. Charles Walker were united in marriage by the Rev. Dr. John Le Allison. The bride wore a gown of robin's egg blue georgette crepe with hat to match and a corsage bouquet of cream rose buds. The couple was attended by the groom's brother and sister. The latter wore a gown of blue georgette and corsage bouquet of pink rose buds. After the ceremony the guests were served with delightful refreshments.

The happy couple left mid showers of rice on the Norfolk steamer. On their return they will be at home to their friends at Lloyds.

DRY LAWYER MAKES DRASTIC PROPOSAL

Anti-Saloon League Must Approve All Beverages

WAR ON BOOTLEGGING

Attorney Urges Necessity of Taking Possession of Liquor Which May be Found in Pockets.

Fixing the alcoholic content of beer at one-half of one per cent. and stricter enforcement legislation, which will permit invasion of private homes in search of "speak-easies" will be necessary for the success of the prohibition enforcement laws, Wayne B. Wheeler attorney for the Anti-Saloon League, yesterday told the prohibition sub-committee of the Senate Judiciary Committee.

Mr. Wheeler made clear that with the reformer's zeal he would crush the entire manufacture of beverages except those of the low alcoholic content approved by the Anti-Saloon League.

The most drastic proposal made by the dry chief was his demand for a stricter search and seizure provision; wider powers under search warrants were advocated. Even the abolition of warrants was advised in order for authorities to be freed of the necessity to present evidence in order to obtain a warrant to enter a man's home in search of liquor.

Mr. Wheeler justified his claims on the grounds that such laws were necessary to break up bootlegging, which otherwise would exist extensively. Unless it is made easier to get the warrant for a suspected speak-easy," Wheeler said, the bootleggers would be warned of the impending raids and would remove their supplies of liquors.

Bitter contests between wets and drys when the search work starts under the enforcment law was anticipated by Mr. Wheeler, when he asked that the Senate consider the abolition of the penalty that is imposed by the Volstead bill for making a search for liquor without probable cause. Unless this is done he foresaw a serious handicap to tracking down hidden liquors. Where the sentiment is strongly wet, persons obtaining warrants and then failing to find liquor will receive a heavy penalty, Mr. Wheeler feared.

To further block the bootleggers, Wheeler urged the necessity for a law making the possession of a bottle of intoxicants in the pocket unlawful.

The storage of liquor in the homes would also be made unlawful if Mr. Wheeler's idea are carried out. This would not apply, he said, to the liquors put in storage before July 1, but he declared that under the law which makes it legal to keep liquor in the homes for private purposes, the bootleggers will use their residences as storehouses.

Potomac Fish Company will have on sale tomorrow and balance of week; Jersey croakers, butter fish, white perch, large and small rock, catfish, also have fine crab meat, 75 cents quart, white flake 60 a quart, clam meat, 50 a quart, fresh every day. Also have fine water melons at reasonable prices. C. H. Zimmerman, Proprietor. Phone 198. 168-3p.

SLAYING WAS A DELIBERATE ACT

Prosecuting Attorney Ha Surprise Evidence Against New

WILL BE KEPT SECRE

Story of Slayer of Beautiful Frieda Lesser in California Said to be Reversed.

Los Angeles, July 17.—Evidence to prove conclusively that the slaying of beautiful Frieda Lesser by Harry S. New, Jr., said to be a son of United States Senator New of Indiana, at Topango Canyon on July 5, was a deliberate act, has been discovered by the district attorney's detectives.

This evidence will be kept secret until New goes to trial for the murder of his sweetheart, it was officially announced.

Deputy District Attorney Kayes affirmed a report that the prosecution has the "surprise evidence."

That an insanity plea may not be entered for Harry New is a strong probability, the alternative being the creation of doubt in the minds of the jurors as to responsibility for the shooting of Frieda Lesser.

While attorneys for New would n discuss any feature of the case, nor indicate what the defense will be, it is understood there has been difficulty in finding alienists of standing that would declare the prisoner insane.

One of the theories said to be under consideration is the following:

New, the victim of heredity, made love to a girl as his father had done. The girl, finding herself in the way of becoming a mother, wanted the father of the unborn child to marry her, and he refused.

This reverses New's story. He said it was he who wanted the marriage ceremony, but that Miss Lesser rejected this suggestion.

She seized the weapon, according to this theory, and threatened to commit suicide, and in the struggle for possession of the weapon it was discharged, the bullet entering the girl's head.

If this is the theory selected it is assumed that enough doubt may be created in the jurors' minds to prevent them from altogether rejecting it. And once a doubt enters, there can be no verdict but acquittal.

ON TRIAL FOR LYNCHING

Louis Bishop Charged With First Degree Murder for Hanging of Frank Foukal.

Bayminette, Ala., July 17.—Louis Bishop, brother of the man who was killed by Frank Foukal, and the second defendant to be tried on the charge of murder in the first degree for his part in the lynching of Foukal, was placed on trial here yesterday morning.

When his case is concluded another of the murder cases will be tried separately, and by that time court officials say they believe the defendants will be willing to have the cases tried in groups.

Bishop, like Andrews, who was convicted Tuesday and sentenced to ten years, entered a plea of not guilty because of insanity. He is charged with murder in the first degree by having shot Frank Foukal to death.

The jury was selected after much delay, due to the special venire being almost exhausted because of so many relations of the Bishop family being drawn as jurymen. Among those drawn from the jury box was Wiley Bishop, a brother of the defendant, who was of course excused.

Sim Andrews, who is in jail, will not appeal his case.

LYNCH NEGRO EX-SOLDIER

Reported to Have Insulted White Woman at Louise, Miss., Then Slain

Memphis, Tenn., July 17.—A A young negro, recently discharged from the army, was lynched at Louise, Miss., Tuesday night for having made indecent proposals to a white woman, according to reports received here. The man's name was not given.

GAME SUNDAY

Cardinals Will Cross Bats With War Department Team

The Cardinal Athletic Club baseball team will have the strong War Department nine for their opponents on the High School diamond Sunday afternoon at 3 o'clock.

The Cardinals are now playing winning baseball, but lost their game a Annapolis, Md., last Saturday 12 to 4 by rank decisions, seven tallies on the base-on-ball method helped to defeat them.

The fans who witnessed last Sunday's game between the Garfield Athletic Club and the Cardinals had a treat as the contest was exciting from start to finish. Cardinals won 8 to 7.

"Doug" Merchant, who has been in France doing his bit to help Uncle Sam win the war, is expected to arrive home in time for Sunday's game. He has been playing fine baseball with the 39th engineers baseball team while in France, and his appearance in the Cardinals line up will greatly strengthen the team.

Manager Robert E. McDonald will probably use the following line up making changes when necessary:

Merchant, first base; Dreifus, second base, Deavers, third base; Sweeney, short stop; Alexander, right field Jeff Williams, left field; Strunkie center field; Jimmy Quayle and Lefty White, pitchers; Schaffer and Summers, catchers; Dawson, Frank Owens, Joe Owens, and Allensworth utility players.

SOUVENIR OF VICTORY

London, July 17.—The German submarine Deutschland, which made two successful freight carrying trips to the United States during the war has been bought by Horatio Bottomley, editor of John Bull, who will place the craft in the London Museum as a permanent victory souvenir.

The Deutschland, commanded by Captain Paul Konig, slipped through the British blockade twice, once reaching Baltimore and the second time New London, and both times succeeded in reaching her home port safely. Her sister craft, the Bremen was lost on her first attempt to reach this country, and no trace has ever been found of her, The Deutschland was built for freight traffic, but was later converted into a fighting U boat.

KIDNAPPED CHILD FOUND

Mamie Grosscup is With Suspected Pair in Florida.

Baltimore, July 17.—Mystery in the disappearance of Mamie Grosscup, nine years old, was ended yesterday when she was found in Palatka, Fla., where she is said to have been secreted by Clarence Cothron and his wife, arrested there several days ago in connection with the murder of a tax driver in Laurel in June.

The fact that the missing girl had been found was telegraphed by Detective Joseph Dougherty upon his arrival at Palatka to bring the Cothrons back to answer charges of murder.

Police Commissioner Burke instructed detectives to wire Palatka officials asking that an additional charge of abduction be placed against Cothron and his wife.

BANK PROTECTED BY MACHINE GUN

Chicago, July 17.—The robbery of suburban banks has become so regular and so successful that the Pullman Trust and Savings Bank has established a new system to combat bandits. This is a fortification, a steel-lined octagonal cage, built in the wall of the building.

Donald R. Bryant, cashier and former machine gunner, is the architect. The cage is of steel and concrete, strong enough to turn any small arms assault. Loopholes look down on the interior and exterior of the building. A guard will be stationed in this fortress day and night, armed with a machine gun and rifles.

COPS ORGANIZE UNION

Macon, Ga., July 17.—Now comes the Policemen's Union, on top of Macon's street car strike. Cops have organized solidly. More pay or strike is their slogan.

AFTERMATH OF THE "WAKE"

The funeral obsequies of "John Barleycorn" were supposed to have been held on the night of the 30th ultimo. John, however, seems to be very much a live in Alexandria still. In the Police Court this morning four worshippers of Bacchus were brought in. Neither of the quarternion was in a condition to stand trial, and their cases were continued until seven o'clock this evening. One, unfortunately, had three pints of whisky in his possession. He will, of course, be sent on to the grand jury. His companions will answer the charge of drunkenness.

The man who carried the "refreshments" managed to say he procured the same in this city, but he could not give the vendor's anme, describe him nor say whether he was white or black.

It is believed by some observant people that more liquor is consumed in this city at present than under former "wet" conditions. A large percentage of the arrests made are of persons found drunk. Bootlegging is believed to be carried on by hundreds of both races, and although the members of the police work assiduously in efforts to identify parties who act in defiance of law, comparatively few have been caught lately.

The exhuming of a large quantity of bottled whisky in a yard in the southern section of the city a day or two ago brings to mind certain devices practiced during the civil war to evade the United States authorities who used the power of the government in attempts to make Alexandria dry. Burying liquor is an ancient procedure. Certain dealers in stimulants during the time Alexandria was under martial law and while the drastic "Order No. 4" was in progress kept their "wet" goods underground. They kept barrels completely buried, in cellars. When about to make a sale a broom was brought into requisition, the earth swept aside and a pump inserted in the bung hole. After bringing the required quantity to the surface the bung was replaced and the earth restored. Government detectives and soldiers while making investigations often walked over the cache. Prohibition agents doubtless unsuspectedly walked over the back garden in the First ward where the liquor had been planted.

THE SHANTUNG QUESTION

President Wilson was confronted at Paris with the alternative of accepting a peace that had a few bad features in it, features all possible of peaceable correction within a reasonable period of time, or of plunging the world into chaos, giving Germany hope of escape from her just punishment, embittering relations between this nation and Japan and making a new world war probable, if not certain. Can any sensible man doubt that he did the sensible thing in choosing the peace—a peace the good features of which enormously outnumber the bad; a peace which destroys German militarism, which rids the world of the German menace, which restores Belgium and Alsace and Serbia, which makes free and independent nations of Poland and Czech-Slovakia and Jugo-Slavia, which establishes a new and better system of colonial government and which, finally, through the League of Nations, offers a rational hope of the future settlement of international disputes by peaceable methods?

As the Baltimore Sun says, "it is astounding that even blind partisanship can suggest that he did not.

"Japan has no moral right in China. She has a certain kind of legal right there, perhaps. As a result of a treaty between Germany and China dated March 6, 1898, Germany acquired certain rights in the Povince of Shantung. What the present peace treaty does is to transfer those rights to Japan—with this important reservation that the Japanese Government has pledged itself to restore to China the territory ceded to Germany which is by the present treaty transferred to Japan."

AFTER DRAFT EVADERS

As has recently been suggested just because the war is over is no reason for a let-up in prosecution of the draft dodger. Men of draft age who during the war evaded service will not be granted immunity as a result of the ending of the war. Every case of a draft delinquent is to be investigated, and those found to be wilful deserters will be prosecuted. Records of delinquents are now in the hands of the army authorities and of United States attorneys, and these men, as fast as apprehended, will be brought before the civil or military courts and given an opportunity to explain their delinquency.

A war department memorandum concerning draft delinquents and deserters has been issued to all army post commanders by Secretary of War Baker. The memorandum reads:

"The report of the provost marshal general shows that there are thousands of draft delinquents in this country. An effort will be made to locate every one of these men. A great many of them have fled the country, many finding their way into Mexico and Central and South American countries."

HANDS OFF POLICY IN ITALY.

Franco-Italian Clashes at Fiume Will be Settled

Paris, July 17.—The "big five"—or "little five" as they are called since the departure of President Wilson and Lloyd George—decided yesterday that the allied and associated powers shall take no action with regard to the Franco-Italian clashes at Fiume, in which scores of French solders were killed.

Though diplomatic relations between France and Italy are strained as a result of the unfortunate fighting in the disputed city, it is generally beleved the two countries who fought side by side through the world war against the common foe will not break now.

It is understood a note from Italy to France expressing regret for the killings and promising punishment of the perpetrators will be forthcoming soon and that it will close the incident.

The American warship now at Fiume will not land American marines nor take any part in the crisis there, even in the event of further troubles.

Nor it is likely that the British warship there will intervene, the Peace Conference councily considering the matter one between France and Italy. Presence of the warships, however, is expected to have moral effect in preventing a recurrence of the fighting.

Should there be anti-American outbreaks at Fiume, the course and functions of the United States cruiser anchored in the port would necessarily assume a different aspect. There is bitter feeling against Americans generally because of the President's stand on the Adriatic question. In the streets of Italian cities Mr. Wilson is openly booed and hissed and the American uniform has been more than once derided by mobs.

SPLIT IS WIDENED

Author of Seizure Measure Refuses to Recede and Disaffection Grows

The disagreement among the House House "drys" growing out of the announced intention of Representative Morgan to push an amendment to the prohibition enforcement bill to prevent the retention of liquors stored in private homes became more pronounced.

Mr. Morgan refused to yield to pressure brought to bear upon him by the conservative "drys" to give up his plan, and declared he will insist upon a vote on his amendment. The conservatives then went to work to devise some scheme whereby it may be possible to keep the Morgan amendment from coming to a vote.

Teh conservative "drys" will be placed in a most embarrasing position by the Morgan amendment. They do not want to assuume the attitude of opposing a proposal which tends to make for absolute prohibition, but on the other hand they fear that if such a provision should be included in the bill it might make the entire law so objectionable that there would be a general ruction against prohibition.

VETERANS TO GET PENSIONS.

Ex-Confederates Will Draw Them Because of Service in the Spanish War

The anomaly of Confederate veterans drawing pensions from the United States government will be presented with the passage by Congress of pending legislation to place Spanish war veterans on the pension rolls. Several hundred soldiers in the war with Spain were veterans of the Confederate armies. Several of these were residents of this city, including Captain Percy W. Moss, of Arkansas, who served with Confederate General Morgan in the civil war and was one of the organizers of the United Spanish War Veterans. The late F. A. Howell, who served in the '60's in the Seventeenth Virginia Regiment, also was a Spanish war veteran. Attention was called to this eventuality when the Sells bill was reported favorably by the House Pension Committee yesterday. Sporadic attempts have been made since 1865 to have the government pension soldiers and sailors of the Confederacy.

BISHOP RESIGNS

Wilmington, Del., July 17.—Right Rev. Frederick J. Kinsman yesterday made public his letter, written to Right Rev. Daniel S. Tuttle, presiding bishop of the House of Bishops of the Protestant Episcopal Church, resigning as bishop of the Diocese of Delaware.

Action on the resignation will be taken at the General Convention in Detroit in October.

Bishop Kinsman writes that he takes the step because he cannot agree with some of the teachings and methods of the Protestant Episcopal Church.

DECLARE NEGRO GUILTY

Formal Charge is Placed Against Randall Held for Assault

A formal charge of criminal assault was entered yesterday by the Washington police against Lewis Randall, colored, held as suspected of assaulting three white women. Two women have identified Randall positively as their assailant, and while the other two victims of the fiend do not identify him as the negro who accosted them, their description fits him.

OFFICER IS THRASHED

Motorcycle Man For Wicomico County, Md., is Attacked

Salisbury, Md., July 17.—James Blaine Messick, a resident of Nanticoke, this county, who was appointed motorcycle officer for Wicomico county by Automobile Commissioner Baughman a few days ago, was attacked and seriously beaten late Tuesday night. J. Truitt, a resident near Pittsville, is said to be the assailant. Officer Messick is lying in the Peninsula Hospital in a critical condition from wounds on the head and injuries claimed to have been inflicted on him when he was tramped on and kicked in the stomach.

It appears that for the past few days Messick was strictly enforcing all infringements of the automobile law in the section of the county near Pittsville and the young men in that section took issue with him and were highly provoked by his actions toward them. Tuesday young Truitt was arrested by Messick on account of having no license, and paid a fine. Shortly afterward, while the officer was writing up his record of the case, Truitt is said to have attacked him.

Feeling is very high against Messick for his past actions in executing his automobile officers' duties in the eastern part of Wicomico. Many declare they won't permit him to travel that section, even though he survives his present assault. They say they are perfectly willing to accept any officer who will execute his duties in an orderly and courteous manner.

Liberty Bonds and War Stamps Found Near Ruins

Bucyrus, Ohio, July 17.—Following an explosion in a shed in which a man supposed to be F. Mayhood, Benwood, W. Va., was killed and Leonard Keline Benwood, injured, authorities found $22,000 in War Savings Stamps and Lierty Bonds believed to have been stolen from the ank at Nova, Ohio, several nights ago.

It is thought that the shed was the hiding place of a band of robbers who recently took large amounts of securities from banks at Harpster and Napoleon, Ohio.

Keline refuses to talk and police do not know the cause of the explosion.

SOFT DRINK MENACE

Believed to be Undermining Health of Pittsburgh, Pa.

Pittsburgh, Pa., July 17.—Soft drinks, soda water and water ices, on which some unscrupulous dealers clear a net profit of from 60 to 70 per cent., are undermining the health of residents of the congested portions of Pittsburgh in opinion of many competent authorities. The per capita ratio of tuberculosis among the population of this city and vicinity has been on the increase.

While some physicians attribute this increase to the after effects of the recent Spanish influenza epidemic others with equally correct sources of information say the spread of the disease is due largely to unsanitary conditions under which some so-called refreshments, including soft drinks, are manufactured, distributed and served.

Dr. Orlando Fouse, one of the physicians in charge of the State Tuberculosis Dispensary No. 26, at 12 Tunnell street, yesterday said: "You need only to look these establishments over and see the conditions which surround them," said Dr. Fouse, "and you would not want to drink their products."

BURGLAR WAS A STUDENT

Loot Found in Room of Man Killed By Professor Valued at Approximately $3,500.

Philadelphia, July 17.—The masked burglar who was shot and killed in the Alpha Chi Rho fraternity house by Prof. Benjamin Franklin Schapelle of the University of Pennsylvania, was William A. Holfelner, 34 Poplar avenue, Buffalo, N. Y., a second-year medical student at the university, boarding at 3726 Walnut street, according to those who recognized the body at the morgue.

Following clues left by the burglar, detectives decided he had been a student of the university. Working along that line they searched all the fraternity and boarding houses in the university district.

Upon entering Holfelner's room at 3726 Walnut street the detectives found a number of articles lying on his bed that were reported stolen from 3447 Woodland avenue on the evening of the night the burglar was killed by Professor Schapelle.

The room then was ransacked and jewelry, clothing and various other articles stolen from houses in the vicinity of the university during the last week were found. The value of the stolen goods recovered is estimated at approximately $3,500.

FORD'S DAMAGE SUIT

Says He Never Heard of the West Point Treason or Major Andre

Mount Cemens, Mich., July 17.—In a moment of petulance while on the witness stand yesterday, Henry Ford plaintiff in a $1,000,000 libel suit against the Chicago Tribune, admitted that he was "an ignorant idealist." Subsequently he reversed his statement.

He testified that Benedict Arnold was a "writer." That he (Mr. Ford) never heard or read of the West Point treason or Major Andre; that he was a helper of "murderers" in producing war material; that an "idealist" was one who aided other people to make money; that while preaching that America had a sufficient army he did not know how many troops the nation had; admitted that he was an "ignorant idealist;" later reversed the statement; asked what the United States was before 1775, replied: "Land, I guess."

LONDON FETING PERSHING

London, July 16.—Gen. John J. Pershing, as the guest of Great Britain, undertook today to carry out a strenuous program arranged in his honor.

American Ambassador Davis was to present the American commander to a number of distinguished British officials, including Winston Churchill, Viscount Peel, under secretary for war, and Lord Milner, colonial secretary.

Luncheon had been arranged for him by the American Luncheon Club, and in the afternoon he was to be a guest at the King's garden party. At night he has been invited to attend an official dinner at the Carlton Hotel, where the general and his staff are stopping.

J. L. JARMAN, President.

SAYS HE MURDERED WOMAN.

Young Edward O'Brien Assumes Blame for Second Crime

Freehold, N. J., July 17.—While the grand jury in New York was indicting Edward O'Brien, 20 years old, for the murder of Gardiner C. Hull, a Manhattan stationer, the youth boasted yesterday about his crime to fellow prisoners in the county jail here.

No tonly did he tell the details of the brutal attack on Mr. Hull but assumed responsibility for the killing of Mrs. Julia C. Wilkins, for whose murder her husband, Dr. Walter Keene Wilkins, was convicted and afterward committed suicide in the jail at Mineola.

The police profess to place little credence in O'Brien's confession of the Wilkins murder, however. They declare their belief that he is reveling in the notoriety he has gained and is seeking to make the prisoners here think he is a "bad man."

Although the authorities are skeptical about O'Brien's professed connection with the murder of Mrs. Wilkins, they will sift his story carefully. A strange series of facts has connected the Wilkins case with the Hull murder. August Deppisch, a former clergyman and partner of Mr. Hull, was a friend of Dr. Wilkins and called on him in his cell the afternoon of the day he hanged himself. Dr. Wilkins and Mr. Hull also were acquaintances.

Dr. Wilkins protested to the last that he was innocent of the crime of which he was convicted and maintained stoutly that his wife was slain by two burglars whom they found ransacking their home at Long Beach upon their return from New York.

Mr. Hull was killed by hammer blows upon the head, Dr. Wilkins asserted the same kind of weapon was used in the murder of his wife. A bloodstained hammer was found near Mrs. Wilkins' body.

BOLT TEARS OFF ROOF

Man, Wife and Six Children Nearly Smothered, But All Unhurt

Hazelton, Pa., July 17.—During a severe storm here Tuesday lightning played an odd prank at the home of Leonard Ferrari, of West Hazelton.

A bolt entered the house ripped off most of the plastering smashed nearly all of the window sand brought out soot in such quantity from the chimneys that it almost smothered the family but Ferrari, his wife and six children escaped without a scratch.

Their bodies were covered with debris as they were awakend in bed after the crash occurred.

PERJURY ABOUT BRIDE'S AGE

Hagerstown, Md., July 17.—Charged with perjury, James W. Mills, aged 21, of Linden, Va., was arrested yesterday at Front Royal, Va., Mills came to Hagerstown June 30, with Miss Evelyn D. Williamston, to whom he was married by the Rev. John Webb at the First Baptist parsonage. In taking out the license he made affidavit that Miss Williamston was 21. Her father says she is only 14. Sheriff Collins, of Front Royal, brought Mills to Hagerstown last night.

LASH FOR CRUEL HUSBANDS

Woman Lawyers in Addresses Declares for Restoration of Whipping Post

St. Louis, Mo., July 17.—Restoration of the whipping-post by legislation, for wife-beating husbands was urged in an address delivered yesterday before the convention of the newly organized National Federation of Professional and Business Women's Clubs, by Miss H. Anna Quinby, an attorney of Columbus, Ohio.

Miss Quinby's opposition to the leniency of present laws applicable to disgruntled and delinquent husbands is the outgrowth, she said, of incidents of recent occurrence in Columbus.

Delegates were urged to work for the re-establishment of the whipping post.

BREAKS NECK IN FALL

Woman Had Completed Husband's Breakfast at Time of Accident

Wilkes-Barre Pa., July 17.—Mrs. Floyd Heller, aged 35, fell down a flight of cellar steps in her home at Forty Fort early yesterday and broke her neck. She died within a few minutes.

Mrs. Heller had prepared breakfast for her husband; he had just left the house when she started down the cellar. Heller heard her fall, ran back and found her dying at the foot of the stairs.

TO REPEAL SODA WATER TAX

Washington, July 17.—Repeal of the soda water tax was decided on yesterday by Republican leaders of the House. The decision, which was made by the Republican Steering Committee, will be referred to the Ways and Means Committee, which will draft a repeal measure.

Some leaders predict that the tax which levies an impost of 10 per cent. on soft drinks and ice cream would be repealed within a month.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or $1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body-building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

STATE TROOPS CALLED OUT

Soldiers Guard Traction Property From Striking Street Car Operators

Spartanburg, S. C., July 17.—Governor Cooper yesterday afternoon ordered the mobilization of Company F, South Carolina reserve militia, a local home guard company, and placed the same at the disposal of Mayor Floyd for guard duty in connection with difficulties that have arisen here as a result of the strike of the street railway employees of the South Carolina Light, Power and Railways Company. Members of the company have detailed to guard the steam plant and substation of the company last night The company made no effort to operate cars yesterday. As a result of disturbances Tuesday night, when a motorman who had refused to join the union was taken from his car and beaten, heavy fines were imposed in the Police Court yesterday.

BOY ELECTROCUTED

Companion, Hand-in-Hand With Victim, Hurled Aside by Live Wire

Huntingdon, Pa., July 17.—Sent, to the house of a neighbor for milk yesterday morning, two nine-year-old boys of Birmingham, this county, walked hand-in-hand until they came to a heavily charged electric wire which had fallen across the road.

Maurice Pryor stepped on the wire and his hand touching it was burned nearly off, causing his death in a short time. Frank Finke, his companion, was hurled aside, but escaped uninjured.

STOLE FREIGHT, IS CHARGE

Captured Gang Said to Have Got $6,000 Worth

Harrisburg, Pa., July 17.—Charged with participating in one of the biggest robberies of freight cars in this section in recent years, George Forry, of Harrisburg, is being held here.

The three men are reported to have been in the act of pilfering a car loaded with cigarettes at Shippensburg this morning and to have had other materials in their possession of more than $6,000 value. Ferry and Custes were surprised and taken into custody by railroad police while in the act. Taylor, however, eluded the officers, although struck by several revolver shots. He is said to have dragged himself more than three miles to a farm house and persuaded a farmer to bring him to this city by automobile. He was arrested shortly after his arrival. The three men will be given hearings here before Deputy United States Marshal Harvey Smith within the next several days.

TO FIGHT DAYLIGHT VETO

Republican Leaders Will Try to Re-Enact Bill Containing Repeal Rider

Washington, July 17.—Republican leaders of the House, supported by party leaders in the Senate, agreed yesterday to attempt repassage of the Agriculture Appropriation bill, with its daylight saving repeal rider, despite the President's veto. Provisions of the daylight saving law authorizing the Interstate Commerce Commission to fixed standard time zones, however, would not be discarded under the proposal.

In line with this decision made by the Republican legislative steering committee and after assurances had been obtained that the Rules Committee would authorize the daylight saving repeal being incorporated in the Appropriation bill, Chairman Haugen, of the House Agriculture Committee, late yesterday reintroduced the agriculture measure.

GIRL MAY NOT RECOVER

Unidentified Person Wounds Miss Lamb Near Home in Palos

Harrisonburg, Va., July 17.—Miss Bessie Lamb, 15 years old, was shot and probably fatally wounded by an unidentified person Tuesday near the home of her father, Michael Lamb, at Palos, in Brocks Gap.

When only 300 yards from the home of her parents, she was fired upon at a distance of 25 feet by some one hidden in the brush. She fell unconscious and lay by the road side until found by a neighbor. A shotgun was used, the charge taking effect about Miss Lamb's face and shoulders.

SENT TO INSANE ASYLUM

Cases Against S. Dabney at U. of V. Are Nolle Prossed.

Charlottesville, Va., July 17.—An order was entered yesterday in circuit court by which the long pending cases against S. Dabney, 4th of Richmond, Va., accused of burning the old chemical laboratory at the University of Virginia in January, 1917, after stealing a quantity of platinum therefrom, were nolle prossed, and the young man was sent to the institution at Marion, Va., for the care and treatment of the criminal insane.

The order was entered by Judge John W. Fishburne at the instance of Judge R. T. Duke, attorney for the commonwealth, the entry being made that "in the opinion of the attorney the mental condition of the accused young man was such as to make it proper that he be committed for observation and treatment as provided by law."

Judge Duke said there had been ree trials, with the jury disagreeing in each trial, and he did not believe there was any prospect of anything but a mistrial. The former chemistry student and fraternity man was committed to the care of his father for transportation to Marion.

400 VESSELS TIED UP

Shipping Board Gives up Trying to Operate Craft

New York, July 17.—After several futile conferences with representatives of the American Steamship Association and union leaders the United States shipping board decided yesterday to abandon any attempt to operate the ships under its control until some settlement could be reached with the striking seamen, firemen and engineers. The freight congestion in this port is rapidly increasing and the union leaders claim that at least 400 vessels are tied up.

CUTS 48-YEAR HAIR CROP

Franco-Prussian War Veteran Fulfills Vow in Barber Chair

Montreal, July 17.—J. A. Chollet's hair and beard of nearly half a century's growth fell to the floor of a barber shop here today when the veteran of the Franco-Prussian war of 1870 discharged his vow of 48 years ago never to have his hair cut until Alsace-Lorraine was released from the Prussians. Mr. Chollet left the shop with a close-cropped head and an imperial after the style of Napoleon III.

KAISER AND KAISERIN ILL

Bad Weather Blamed for Poor Health of the Hohenzollerns

The former German emperor refrained Monday from sawing logs for the first time in several months. It is understood that he is suffering from a cold.

The former empress has experienced a recurrence of her heart affection. Both the former emperor and his wife remained in their apartments Monday.

Dr. Forster, the personal physician of the former emperor, was called to the castle late Monday, and remained there all night. It is probable that the recent bad weather is responsible for the illness of the Hohenzollerns.

AVIATOR KILLED

Los Angeles, Calif., July 17.—Lieutenant Charles G. Mauzy, of fowler, Ind., an army aviator from Rockwell, Field, San Diego, was killed here yesterday when his airplane caught fire at a height of 900 feet and fell into a tail spin.

CLAIMS CAREER IS BLASTED.

Danville Youth Says Enlistment Bars Him From School

Danville, Va., July 17.—Claiming that has been "stabbed in the back" and his ministerial career "blasted" Guy Lawless, a Danville youth who studied for a short time at the Baptist Seminary at Louisville, Ky., has given wide publicity to a bitter attack on the Rev. C. J. D. Parker, pastor of Moffett Memorial Church.

He claims that an indorsement necessary for the continuation of his studies has been withheld by the pastor on the ground that he failed to avail himself of his ministerial exemption from the army draft, joined the aviation corps and married without first approaching the minister on this subject. The statement, which goes into much detail, has created a sensation here, and the public is anxiously awaiting to hear of the minster's reply.

JAP EXPLAINS POLICY

Members of Peace Delegation Declares Shantung Is to be Returned

Paris, July 17.—"We are prepared to restore the full territorial rights over Kiau Chau to China within six months."

A member of the Japanese peace delegation made this statement yesterday. For diplomatic reasons he requested that his name be withheld from publication, but emphasized that his statement means just what it says. He continued:

"We are exceedingly anxious to settle the whole question, and we ask nothing better than the return of this territory in accordance with the treaty of 1915.

"It is necessary, however, that China enter into negotiations with us, which she has hitherto declined to do."

The Japanese delegate flatly denied the assertion of Philippe Millet, prominent writer on international affairs, to the effect that Baron Makino, chairman of the Japanese peace commission, handed the "big four" a formal, written secret undertaking to restore Shantung to China.

FARMER ENDS HIS LIFE

Wheeling, W. Va., July 17.—Forsaken by his only son and separated by poverty from his wife, Elisha Lucas, once wealthy farmer, committed suicide by hanging Tuesday.

In his heyday he gave his children a college education, but at the age of eighty-two was compelled to go to the poorhouse. His son is said to be principal of a high school in a prominent city in Ohio. Friends and relatives of his wife took her from the institution and placed her with a family. In a note he said that separation from her was more than he could bear.

The note, scratched by the aged man on the back of an old envelope, found in his pocket, reads:

"Jane—They stole you. Can't steal my love from you. Goodby. I took care of you for a long time. I would like to see you so bad. Love to you. Goodby. E. L.

He made a noose of shoe laces, his handkerchief, and the sheet from the bed; and to make sure of death, he stuffed his nostrils with paper. He hung from the door, and when the door was opened his lifeless body fell to the floor.

THEATRES

RICHMOND—"His Bridal Night."

"His Bridal Night," a rollicking, breezy farce, in which Select Pictures presents charming Alice Brady as the star, will be seen today at the Richmond Theatre.

It is the story of Vi and Tiny, twins—in form and feature only. Tiny, to teach her flirtatious sister a lesson, runs off with her husband on their bridal night, much to the chagrin of Vi. Vi had thought that her husband was a bully and that she really did not love him until she found that she no longer had him. This picture has more action than a ship on a rough sea.

INGOMAR THEATRE

Bessie Love is the screen ideal of Ruth Belmore Endicott, author of the popular novel, "Carolyn of the Corners," which is the attraction at the Richmond Theatre tonight, and the little star has doubly earned that distinction by her sweetly natural work in the cinema version of the story, issued as a Pathe Extra Selected Star Photoplay.

"Carolyn of the Corners" is a happy drama, one which will send any audience away in a delightful frame of mind. It is a pure, clean of American life, and as such is certain to meet with unqualified success wherever it is presented.

AUTO DIVES INTO LAKE

Brooklynite Thought to Have Inadvertently Increased Speed

Ossining, N. Y., July 17.—Three persons were drowned yesterday when an automobile driven by Mrs. Irene Ganong, Brooklyn, crashed through a guard rail and into Echo Lake, two miles from this place.

Those drowned were Mrs. Ganon's husband, Ernest, who was employed by the Central Trust Company, New York; his brother's wife, Mrs. Wallace Ganon, of Lake Mahopan, and her son, Kenneth, 4 years old.

The four were on their way from Lake Mahopac to Brooklyn, Mr. Ganong drove until they were within a mile of the lake when he surrendered the wheel to his wife, saying he felt ill. At about 6:30 o'clock in the morning, as the car approached a curse on the lake drive, Mr. Ganong attempted to help his wife swing the car around the turn.

In reaching for the wheel it is believed he shoved the throttle further open. At any rate, the car sprang ahead at suddenly accelerated speed, broke through the guard rail and rolled down an embankment into the lake.

Mrs. Ganong and her husband both extricated themselves from the automobile as it entered the water. When she reached shore, however, he had disappeared. He is believed to have lost his life seeking to rescue Mrs. Wallace Ganong and her boy, who had not managed to clear themselves of the machine.

STORM COST 87 LIVES

14 Vessels Sunk—Many Otherwise Destroyed.—Loss $70,000,000

Valparaiso, Chile, July 17.—Eighty-seven persons are known to have been drowned and the loss of life may have been much greater in a hurricane which swept this port Saturday and Sunday.

Fourteen vessels of various sizes were sunk and about a hundred lighters. The property loss is estimated at $70,000,00.

DIES IN FIGHT

Willoughby, Ohio, July 17.—Deputy Marshal Ernest Gray was killed and two other members of a posse wounded, one probably fatally, at noon yesterday in a gun battle with two bandits near here.

The gunmen are under arrest. They are believed to be the men who held up and robbed four men in Cleveland early yesterday.

FINDS WIFE A SUICIDE

Worry Caused by Neighbors' Gossip Said to Be Cause.

York, Pa., July 17.—When Chas. H. Tauser, a chauffeur, returned home for dinner yesterday he found his wife's dead body hanging from a girder in the cellar and with a printed prayer pinned to her bosom.

The woman had been acting strangely for several weeks. On July 4 she tried to choke her husband and then tried to strangle herself with a strap. Gossip, which attributed powers of sorcery to the woman, is said to have worried her and impelled her to suicide.

HUNS MAY REBUILD FRANCE

Paris, July 17.—Members of the German reparation commission at Versailles proposed to the allies today that German engineers and workmen rebuild the dstroyed cities in Northern France as a part of their reparations, using German materials.

Under the German plan, the French would submit plans and specifiations for the city they desired to be erected, and the Germans would take the job in the same way as a contractor.

To the Citizens of Alexandria

The following gentlemen have been appointed a committee to solicit funds for the Children's Home of Virginia at Richmond, and have been requested to raise $1,200.00 as Alexandria's proportion of the $150,000 drive.

The committee feels that they have neither the time nor inclination to make a canvass for this institution owing to the numerous demands made upon our people in the past, and also feel that this is a most important work and should be most liberally supported by our people, and are, therefore, bringing the mater to your attention for your consideration and help in this way.

Help save the children of Virginia, our most valuable asset.

Send contributions to any member of the committee.

Respectfully,

S. W. PITTS, W. A. MOORE, Jr.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
